

**Tennessee Medical Laboratory Board  
Personnel and Education Committee Meeting  
January 13, 2010  
Minutes**

**Date:** January 13, 2010

**Time:** 1:00 PM CST

**Location:** Bureau of Health Licensure and Regulation  
TN Department of Health  
Heritage Place Iris Room  
227 French Landing, Ground Floor  
Nashville, TN 37243

**Members Present:** Norman Crowe, Independent Lab Manager  
Annie Washington, Medical Technologist  
Diane Robbins, Medical Technologist  
Christopher H. Seay, Medical Technologist

**Members Absent:** Darius Y. Wilson, MAT, Ed.D. Educator, Chairperson  
Trudy Papuchis, MD Pathologist, Lab Administrator  
Cheryl Arnott, S.A.-Cytotechnologist  
Pathologist Educator - Vacant

**Staff Present:** Lynda S. England, Medical Technologist Consultant,  
Director  
Jerry A. Gowen, Medical Technologist Consultant  
Alison Cleaves, Deputy General Counsel, Advisory  
Attorney  
Elizabeth Miller, Director-Health Related Boards

**Staff Absent:** None

**Presiding Officer:** The meeting was conducted by Norman Crowe

**Call To Order:** The meeting was called to order at 1:00 PM CST

**Conflict of Interest Policy:** Board members were reminded by Ms. Cleaves to  
recuse themselves from any discussion or vote  
pertaining to meeting business if the subject material  
would have any relativity to board member business or  
any decision that would appear to be a conflict of  
interest.

**Chairman Election:** Election was held for the chairmanship of the Personnel  
and Education Committee for 2010.  
  
The chairman asked for nominations from the floor:  
  
Nomination for Annie Washington: Mr. Seay

Second: Ms. Robbins

Nomination was accepted by Ms. Washington

There were no other nominations from the floor.

Motion approved.

### **Proceedings and Action Taken:**

#### **Review Correspondence: Personnel Issues**

##### **Review Files for Eligibility:**

**Steven Monday  
Grandview, TN  
MLT-General**

**File Held From  
October, 2009 P&E**

Mr. Monday's file was held over from the October P&E committee meeting. The issue was the applicant did not possess an Associates Degree. The committee asked that he present the degree for this meeting if one had been obtained.

Mr. Monday has been in contact with the office and there is no Associates Degree, however he was working to obtain one.

Ms. England asked that the office be allowed to keep the file open so long as Mr. Monday keeps in communication with the office during this period.

Motion to table application but keep file open so long as there is regular communication and documentation to follow: Mr. Seay

Second: Ms. Washington

Motion Approved

**Allen W. Robinson  
McDonald, TN  
Technologist-  
General**

**File Held From  
October, 2009 P&E**

Mr. Robinson was present for the meeting and was asked to address the Committee.

Mr. Robinson commented that he had continued to obtain CE credits and now had 37 hours and that he had applied for the ASCP<sup>cm</sup> certification maintenance program.

A question of concern was raised about applicants not actively working in the laboratory for an extended period of time and the application of CE. Mr. Robinson was asked to comment:

Mr. Robinson submitted additional courses taken and spoke about his involvement with the medical field,

**Minutes  
Medical Laboratory Board  
Personnel and Education Committee Meeting  
January 13, 2010**

although not related to laboratory science.

Ms. Cleaves was asked to comment:

Ms. Cleaves stated at the last board meeting the concern was perhaps Mr. Robinson did meet the specific language of the rule, relative to licensure, but perhaps the rule should be amended, going forward, to indicate an applicant have his/her experience within so many years/months (or an appropriate time frame) from the date of application. This would be a measure to ensure competency as the person qualifies for licensure. Aside from continued competency, in regard to initial applicants, the issue was whether or not they have proper qualifications if absent from the practice for a significant period of time.

Ms. Cleaves stated at this point, the committee wanted Mr. Robinson to appear to indicate his competency. Talking to him would help the committee assess the comfort level the committee had in licensing him back into the practice.

Ms. Cleaves asked that the committee generate some discussion about what other assurances they might need from him, what was thought of his efforts in CE completed to the extent that it meets his qualifying education, as an initial applicant, and what else might be needed from him.

Mr. Crowe stated that this was a new area, persons wishing to renew their practice after years of being outside the field.

The question was, "What does the board need to do in regards to current rules governing CE, current rules for initial licensure and how to apply them to people returning to the workforce after a lengthy absence?"

Motion to approve licensure: Ms. Robbins

Second: Mr. Seay

Licensure approved.

**Chair called for a 2 minute recess:**

**Chair called the meeting back in order:**

**Theresa Benson**

Ms. Benson meets qualifications for licensure for

**Minutes  
Medical Laboratory Board  
Personnel and Education Committee Meeting  
January 13, 2010**

**Brownsville, TN  
MLT-General**

Medical Laboratory Technician-General, AAS Jackson State, MLT-ASCP 2009.

**New Applicant**

Ms. Benson was present for the meeting and was asked if she would like to address the Board.

Ms. Benson was asked to appear before the committee to address certain State offenses.

Ms. Benson addressed the circumstances around the offenses for which she had been charged.

When asked if there were any charges pending, Ms. Benson stated that all charges had been satisfied and there was no further adjudication. Ms. Benson produced a statement from her probation officer, from the other person involved in the incident and from her school instructor.

Mr. Crowe asked why she had answered no to the question about convictions.

Ms. Benson's response was that she was not trying to conceal or falsify information in that she thought the charges would no longer be on her record after seven (7) years and she need not disclose them.

Mr. Crowe asked that all statements submitted be placed in the applicant's file.

Motion that licensure be granted based upon the documentation presented: Ms. Washington

Second: Mr. Seay

License approved.

**Jerald Olvido  
Cordova, TN  
Technologist-  
General**

**New Applicant**

Mr. Olvido obtained a BS Degree in Medical Technology from the Philippines. Educators Evaluation International: Equivalent to level and purpose to a BS Degree in Medical Technology awarded in the USA. Training was at H.W. Miller Memorial Sanitarium and Hospital, Cebu City, Philippines. Registered as a Medical Technologist with the AMT. Mr. Olvido is brought before the committee as a foreign trained graduate.

Mr. Olvido was not present.

Motion to approve licensure, all information is in order:  
Mr. Seay

Second: Ms. Robbins

Licensure approved.

**Reinstatement Applications:**

Nothing to present

**Reactivate Retired Applications:**

Nothing to present

**Review Consultant Approval and Ratification of Personnel Applications:**

**New Licenses and Temporary Licenses (Attachments 1 & 2)**

The committee reviewed the Director approved list of initial and temporary licenses from October 1, 2009 through December 31, 2009.

**Reinstatements (Attachment 3)**

The committee reviewed the Director approved list of reinstated licenses from October 1, 2009 through December 31, 2009.

**Closed Files (Attachment 4)**

The committee reviewed the Director approved list of closed files from October 1, 2009 through December 31, 2009.

**Retired Files (Attachment 5)**

The committee reviewed the Director approved list of retired licenses from October 1, 2009 through December 31, 2009.

**Training Permits (Attachment 6)**

The committee reviewed the Director approved list of training permits from October 1, 2009 through December 31, 2009.

Motion to ratify Consultant Approved Personnel Applications to include Initial and temporary licenses, reinstated applications, administratively closed files,

retired licenses and training permits: Mr. Seay

Second: Ms. Washington

Motion to ratify approved.

Additional comments were made concerning the number of training permits issued as a good sign.

### **Review Correspondence: Educational Issues**

#### **Approval of Training program rotational site(s)**

MedVance: St. Mary's of Scott County, Oneida, TN.

Ms. Donna Palermo was in attendance representing MedVance.

Ms. Robbins recused herself in that her facility trained students from MedVance.

The application has been submitted to the office and appears to be in order.

Mr. Crowe asked Ms. Palermo if she would like to address the Committee. Ms. Palermo introduced herself as the MLT coordinator at the Cookeville, TN. school and was present to answer any issues that might be raised.

The question was raised that since the annual number of tests performed was very low, would the students get adequate exposure. Ms. Palermo answered in the affirmative.

Motion to approve: Mr. Seay

Second: Ms. Washington

Motion approved.

### **Reinstatements: Continuing Education Requirements**

In July, 2009, a discussion was held in regard to the requirements to the number of CE hours for reinstatement.

Rule 1200-06-01-.12 (6) (c) states, Reinstatement of Expired Licensure – No person whose license has expired may be reinstated without submitting evidence of continuing education. The continuing education hours

documented at the time of reinstatement must equal the hours required, had the license remained in an active status, and must have begun and been successfully completed before the date of reinstatement.

The Board wanted to bring this topic forward again to consider whether a cap on the number of CE hours might be desired. The question was whether or not a rule change or policy statement needed to be made to that effect.

A study was made of other Board's language concerning this topic and was presented for consideration. Only one Board of the four (4) studied contained the same language as the TMLB.

Counsel suggested that the Committee not only look at the number of hours but at other indicators that might be required to show continued competency.

Many scenarios were discussed with the determination that the Committee could not determine competency as this was the responsibility of the employer.

Mr. Crowe requested that this topic be discussed by the full Board under agenda item 17-D, Competency vs. Licensure, to give sufficient direction so that a draft can be completed by the next Board meeting.

There was no further discussion.

#### **Non-Compliance with Board Policy for HRB CEs**

The question before the committee was what direction to follow to address those persons who do not comply with HRB CE requirements.

Ms. England explained the current procedure regarding the CE audit process. In order to complete this process the office requested guidance as to the Committee's direction for the completion of an agreed order.

Counsel explained that a mechanism needed to be established whereby legal sends out an agreed citation for those individuals that fail to obtain their CE requirements. This is usually handled by policy as illustrated in other Board's language which may include a myriad of consequences.

Mr. Crowe requested that this topic be discussed by the

**Minutes  
Medical Laboratory Board  
Personnel and Education Committee Meeting  
January 13, 2010**

full Board under agenda item 17-C, Consider Board Policy: Non-compliance with 90 day cure period in regard to non-compliance with HRB audit process.

There was no further discussion.

**FISH (fluorescence in situ hybridization) discussion:**

The discussion concerned progress in personnel advisory for this topic. No progress was reported.

Ms England asked if the following language would be acceptable in application to the pre-analytical portions of FISH testing:

Rule 1200-06-03-.19 PREPARATORY PORTIONS OF LABORATORY TESTS.

(2) The following are considered to be preparatory portions of tests to be performed in a medical laboratory that may be assigned to persons not licensed under the Medical Laboratory Act:

(g) Any activities required prior to microscopic evaluation of cytology specimens.

No further discussion. This will be discussed by the full board, Agenda item 17-B, Revisit Fluorescence in Situ Hybridization (FISH) Testing Procedure-Personnel Qualifications.

**Chair called for a ten (10) minute break before continuing the discussion**

**Chair called the meeting back to order**

**Administrative Revocation/Insufficient Funds:**

Licensee Melissa J. Hamlin, paid for reinstatement with funds that were denied by the bank. She was sent certified letters from the Health Related Board's cash office and Lynda England.

There was no response from her until January 6, 2010, at which time she paid the funds by certified check. Ms. Hamlin is now current.

No action was required by the committee.

**OCG Rulemaking Update:**

Notice that the Rulemaking hearing would take place

during the Board meeting. This is an amendment deletion 1200-06-03-.12 (1)&(2), in lieu of rules set out in 1200-14-01-.02, Health Services Administration.

### **Discussion/Clarification Staff Correspondence/Inquiries**

Nothing to present

### **Other Business:**

(1) An announcement that the rules for training programs is now in the revision process. This pertains to the NAACLS rules in comparison to the State rules and the needs for updated or deleted language.

(2) A point of clarification, what is the Boards pleasure regarding an applicant who has a Baccalaureate degree in Psychology with an emphasis in Neuro Science. The question, is degree acceptable under the current rules.

The consensus was there was no problem with the degree so long as the applicant met the required core courses and was accepted into a NAACLS approved training program.

(3) Ms. England spoke to the committee about the CAP inspectors requiring certain educational information from laboratories.

The CAP Lab Surveyor states that since the State of Tennessee is a licensure State, the license alone is sufficient for the CAP requirements.

Counsel stated that we have an obligation as a State to fulfill public records requests, however if there is an exception, such as it may be confidential to release higher education information, the State must give it over.

The chair congratulated Ms. Washington on being the next chair person for the Personnel and Education Committee.

### **Statement of Next Meeting:**

The next Committee Meeting will be April 14, 2010, and will begin at 1 PM CDT in the Iris Room, Ground Floor, Heritage Place, 227 French Landing, Metro Center, Nashville, TN. 37243

### **Record of Adjournment:**

**Minutes  
Medical Laboratory Board  
Personnel and Education Committee Meeting  
January 13, 2010**

With no further business to discuss, the meeting adjourned at 3:30 PM CST on a motion properly presented by Ms. Robbins, seconded by Mr. Seay.
